The greatest weakness of Tuesday night's performance lay in the fact that there was no good part for Miss Melville to take. The female characters are all unimportant, and afford very little scope for a clever artiste like this lady. The Arakan News says :- "It is beginning to Miss Melville's great abilities have thus far made her the life and soul of every piece that the company has produced here, and Fiametti being a poor part, she was unable to infuse that life and spirit into it which made Olivetto" so successful on Saturday night. Sixnor Verdi was apparently suffering from a cold, and during this not he sang somewhat flat, but improved later on. The chorus of citizens, when destroying Boccaccio's writings, went very well, and was applanded. The second act was decidedly livelier, the kiss-

12th August. The wreck of the M. A. Dixon has been sold by auction for \$1.510. The Tao-Vai of Formesa has been denounced and superseded by Commissioner Liu for ember-

his head for good. It is said that Liu Ming-chuan goes to Knangsi as Governor, he being supposed to have now some experience of what contact with the French means. There is cholera around Takow, though only one case has occurred as yet among foreigners. A foreign steamer has been chartered to convey the hein-to are of Formosa to the Fokien examinations. In the hall of the Wen Mizo (Temple of Literature) at Tai-wan Fu there is not a single ! cauldron of rocks and waves, and callantly tried to carry out a line to the wreck. Failing in that,

29th August. Mr. Pethick yesterday took to Li Hung-chang on behalf of Messrs. Bussell & Co. a model toy railroad, carriages, rails, &c., &c., which eclipses that handed last year by Messrs. E. Meyer & Co. to Prince Chun. Mr. P. Tanner, 4th class Assistant of the

Customs here, returned vesterday from Peking, where he had gone, as his friends say, to get the Chinese dectors there to fix his teeth, called upon Li Hung-chang to day, reported the result of the operation he underwent while at Peking, and explained the prospects of it. From now you will see Russian gentlemen prefer Chinese doctors to the reverend dentists we have here. It is also said that Mr. B. Brannan called yesterday on Li Hung-chang for the purpose of telling him that no Secret Treaty between Russia and Korea exists. But the Chinese begin to believe that now there exists a Secret Treaty between Russia and Korea, and there is a secret that. H.B.M. The Anglo-Chinese Bank has come to life again, under the name of Chun Hwa; Li Hungchang has been busy about this for the last few days, because it is said that the prospect of the Comptoir d'Escompte de Paris moving up is fading away. This bank, the Chuu Hwa, is to start with a capital of 5 million taels, receive and pay and transact all business for H.I.C.

31st August. H. E. Li. Commander-in-Chief of the Chefoo and Tungchow troops, who is staying at the C. M.S.N. Co.'s premises, was entertained there at dinner by Mr. Tsen Lai-sun, H.E. Li Hungchang's interpreter; the guests also invited were Wu Ta-ching, the Customs Taotai, the Tientsin Taotai, and Mr. Ng Choy.

To-day it is freely reported about an Anglo-Chinese Bank, a Japanese-Chinese Bank, a Franco-Chinese Bank; no doubt a Russo-Chinese Bank will come next on the board. What lucky fellows are the Chinese! If they hint, everybody is ready to oblige.
